## PART H: THE CONTRACT

### 13 THE CONTRACT

13.1 Tenderers must please take note of the following important contractual terms:

Indicative Contract Dates:	Start Date – End Date (TBC) Target from November 2023
Indicative Contract Duration:	5 (five) years
Classification and Type of Contract:	End-User Computing Devices

13.2 Any award made because of this Tender process will be governed by the regents of the Contract.

13.3 In the event that a Contract has been included in the Tender Documents (see Annexure D: Draft Contract) and if a Tenderer takes exception or wishes to propose a deviation to any term or condition in the Contract, it must be done clearly and conspicuously by referencing the specific clause number or the term or condition and by describing the exception or deviation in Annexure B under the Contract Deviation Schedule. If a Tenderer does not clearly and conspicuously take an exception or propose a deviation to a specific term or condition, the Tenderer shall be bound by such term or condition in the event the award is made to it. The University reserves the right to in each instance:

13.3.1 Accept the deviations or exceptions; or

13.3.2 Negotiate the deviations or exceptions; or

13.3.3 Reject a proposal with deviations or exceptions deemed unacceptable by the University at its option and in the exercise of its sole discretion.

13.4 The rejection or amendment by the Tenderer of any terms and conditions contained in the Contract may increase the risk to the University and will thus be taken into consideration when assessing the Tenderer's Tender Submission.

13.5 Tenderers should not provide or include their own contract, service level agreement or '*reserve the right to negotiate if the Tenderer is selected as the preferred service provider*' statement (the University will not consider this type of documentation). Tenderers must ensure that they follow the protocol as set out in section 13.3.

13.6 The Tender awarded will be conditional and subject to successful negotiations and the signing of a written contract, failing which the University reserves the right to withdraw the Tender and to award another Tenderer without the need to repeat the same Tender process.

13.7 Should a final contract negotiation with the preferred Tenderer not be concluded within 4 (four) weeks of the tender award or the preferred Tenderer takes exception to certain terms in the Contract that the parties cannot agree to, the University reserves the right to cancel the award and select an alternative Tenderer.
